

# On the Boat

Contributed by Gunnar  
Last Updated Thursday, 14 August 2008

All dive boats leave from Chalong Pier about 8.30 am. After a short boat briefing you can have breakfast, chat with other divers and relax. Just don't forget to set up your equipment. After 1.5 hours trip you reach the dive site. Be ready and do your buddy check. After the first dive, there will be a lunch buffet. Then we move the boat to the second dive site and jump into the water again. On the way back you will have time to talk about what you have seen, see some pictures, check the fish identification books and relax again. By 3.30 pm you will be back at Chalong pier. The bus will take you back to your hotel. For information about divesites see our divesites descriptions.
